DAILY DEMOCRAT-FORUM

(Successor to the Maryville Republican)

VOLUME 1. MARYVILLE, MISSOURI, TUESDAY, MARCH 7, 1911. NO. 231.

LIST OF PLAYERS

SIGNED FOR THE COMETS THIS SEASON.

LEAGUE DIRECTORS MEET

At Nebraska City on Friday—The Mink League Will Play Sunday Ball.

The list of players signed for the Maryville Comets has been given out by the management, and many familiar faces will be seen romping around the diamond this summer. Among these are Bulger Walsh, the scrappy second baseman; Joe Wintz, the big Dutchman who takes care of everything that comes around third; Dan Dietz, catcher; Griffin, the fleet-footed center fielder, and Claud Cook, champion swatsman of the Mink league. Oswalt, pitcher, who finished the season last year with the comets, will probably be back. R. G. Koch, who has resigned as manager, has mailed Oswalt a contract, but he has not been heard from.

The following recruits have been signed for a try-out: McGovern, catcher; Cawley, Warren, Lark, Roberts and Freidman, pitchers; Brown, Strickler, McBride and Bell, infielders, and Hosek, outfielder. Pitcher Roberts is from Mound City and is a brother of Bones Roberts, who has pitched many games here. Shortstop Strickler is also from Mound City. Hosek played with the Comets last year, but was turned loose to make room for Griffin.

Gus DeCamp and Bunny Ford were drafted last fall and will not be seen here. DeCamp will play with the Des Moines Western league team and Ford belongs to the Rochester, N. Y., club of the Eastern league. Both were favorites here and will be missed by the fans.

The Mink league directors will meet at Nebraska City on Friday to make a schedule for the coming season. Fred Hull, secretary of the league, and President Cook of the local club will attend. The season will open on Thursday, May 18.

The Nebraska state legislature has repealed the law prohibiting Sunday base ball. This will mean Sunday ball for the Mink league.

The outlook is good for a winner this summer. The veterans are the best in the league, and if the recruits show some class the Comets will be strong pennant aspirants from start to finish.

New Club in Town.

The ranks of club women were swelled to the number of six last Saturday afternoon when that number of little women met at the home of little Miss Virginia Robinson, daughter of Mr. and Mrs. F. P. Robinson, and formed themselves into the C. W. N. club. No one knows its name or object, as each member "crossed her heart" to never tell. So all that may be hoped to know of the C. W. N., so far as their club is concerned, is by what they do and say, and their friends are watching and listening very closely. After the organization was perfected, the members played games and enjoyed refreshments served by the mother of the little hostess. The members are Virginia Robinson, Elizabeth Leet, Lillian Carpenter, Mary Wooldridge, Elfreida Linville and Mary Condon.

SERVED LUNCHES AT NORMAL FOR 10 CENTS

Miss Hettie Anthony's experiment of serving lunches to the Normal students was ended Tuesday noon, and it proved a decided success in every way. For the past five days she has served lunch to ten people each day at ten cents. The girls of the domestic science class who assisted her received luncheon as pay for their time. The total number of people served during the five days was seventy-nine. The expenses amounted to $4.58, less 34 cents, the value of usable food left over, or $4.25 actual expense. This made the actual cost of each meal 5½ cents per capita. The receipts amounted to $5.00. This leaves a clear profit of $1.66. The menus for the five lunches were as follows:

Wednesday, March 1—Tomato soup (whipped cream), crackers, tongue sandwiches, baked potatoes, cocoa (whipped cream).

Thursday, March 2—Potato soup, crotons, baked beans, lettuce sandwiches, pickles, coffee, milk, water.

Friday, March 3—Bean soup, deviled tongue, sandwiches, lettuce sandwishes, potato croquettes, egg entre, coffee, tea.

Monday, March 6—Bean soup, crackers, macaroni and cheese, sandwiches, bread and butter, cocoa (whipped cream).

Tuesday, March 7—Corn soup, crackers, rice croquettes, sandwiches, eggs, pickles, tea, coffee.

A NUMBER TO ATTEND "BEN HUR" AT ST. JOE

W. A. Miller of the Bee Hive shoe store has received a number of tickets for "Ben Hur," which is to be at the auditorium in St. Joseph the last of the week. These tickets are for the Thursday night performance. A special train is to be run on the Burlington after the show that night, leaving St. Joseph at 11:20 o'clock. About one hundred people will probably go to St. Joseph that evening. Mr. Miller has a few tickets left, and if anyone wants them, call on or telephone him.

Election Night at the Elks.

The Elks will hold their annual election this Tuesday evening at the club rooms.

SENT TO ASYLUM

NEWTON CASTELLO ORDERED TO ASYLUM BY COUNTY COURT.

HEARING THIS AFTERNOON

Before Court and a Number of Witnesses Were Examined—Is 49 Years Old.

Deputy Sheriffs Evans and Ed Wallace went to Elmo Tuesday morning to get Newton Castello, who lives near that place, and bring him to Maryville for a hearing before the county court as to his sanity. Mr. Evans and Mr. Wallace had quite a time arresting Castello. The man was brought to Maryville on the Wabash noon train and locked up in the county jail.

Castello is 49 years old and was in a private sanitarium about eight years ago for some two years. He has been making threats against some of his neighbors and displaying other signs of being mentally deranged.

A hearing was held before the county court Tuesday afternoon and a number of witnesses were examined from the vicinity of the Castello farm, near Elmo. The testimony was that the man was mentally deranged and had made threats several times that he would kill some one. It was stated by one witness that he would not let his mother or brother or sisters use or answer the telephone.

The county court, after hearing all the testimony, made an order sending Castello to the St. Joseph asylum.

WAS ARRESTED TWICE ON MONDAY

Ben Auffart, who lives east of the city, was arrested Monday by Chief of Police John Wallace. Auffart had engaged in an argument with Joe Bluel, and finally landed several blows on Joe, on the east side of the square, after which they were parted. Auffart was brought up before Police Judge Arnold and fined $5 and costs for drunkenness and disturbing the peace.

After Auffart had paid his fine he started out after John Wallace and Mr. Wallace arrested him again.

DR. FORD AT ST. JOE

SPOKE AT MISSIONARY BANQUET IN THAT CITY.

FILLED PULPIT SUNDAY

At M. E. Church in That City—An Address on "The Central West."

In giving report of the missionary banquet held by the Methodist Episcopal churches of St. Joseph Saturday evening, the News-Press made special mention of the speech of Dr. J. S. Ford of the First M. E. church of Maryville.

Dr. Ford, who is a member of the general committee of the church from the eighth district, made an address on "The Central West." One thing he said is a good thing to be repeated just now in the mind of most people:

"I used to think that the only thing that a Missourian could not succeed in doing was to fire a Cannon," said Dr. Ford, "but, judging from the recent explosion at Washington, and the fact that Champ Clark of Missouri is to become speaker of the house, it appears that Missourians can fire a Cannon."

There were 500 people at the banquet at the First church of St. Joseph, which opened the rally. Bishop McIntyre was also one of the banquet speakers.

Sunday morning and evening the various Methodist pulpits of the city were occupied by the visiting ministers. In the afternoon a great congregation at Schubert theater was addressed by Bishop McIntyre, his text being from the first four words of the Bible, "In the beginning, God."

Dr. Day made a strong plea for the union of American Methodism Sunday morning.

Meetings were held all day Monday, and Dr. Ford was one of the speakers. The meeting concluded Monday night with an address on "America for Christ," by Dr. Boswell.

Married by 'Squire Morris.

Guy E. Stults and Miss Alta Monroe of this city were married Tuesday morning by 'Squire J. W. Morris in his office in the court house.

Miss Dora Estes spent Monday in St. Joseph on business.

CARL MORRIS, THE OKLAHOMA GIANT THE HOPE OF THE WHITE RACE

(By O. R. Geyer.)

Not being content with forging her way to the front by way of advertising literature promising perpetual sunshine and prosperity, Oklahoma has now adopted a new method of placing her name high in the world of date lines, etc.

Some months ago the baby state hitched her wagon to Carl Morris, the Frisco engineer posing as the hope of the white race, and the most widely advertised man in the whole nation, with the exception of possibly President Taft and a few others.

With a match with Li'l Ath Johnson as his objective point, Morris left his engine cab on the day of the disaster at Reno, when "Come Back" Jeffries was knocked out, and has since been training in princely style for a chance to remove the dark cloud from the horizon of pugdom. Claimed alternately by Tulsa and Sapulpa, two thriving Oklahoma cities, Morris has so sprung into the limelight that a corps of newspaper correspondents are kept busy telegraphing every move he makes to the papers of the whole nation.

Just recently Morris was taken over by a Tulsa millionaire, who expects to make a cool million out of Carl before his fighting days are over. The retinue of trainers at Morris' side draw princely sums, and it is costing the millionaire sport fan thousands of dollars a month to train the big engineer as a fighter.

Morris has won all six of his fights so far by the knockout route, gaining decisive victories in never more than four rounds. A terrific fighter, able to assimilate punishment of all sorts, and having a right hand punch which resembles the kick of a Missouri mule, Morris is rapidly forging to the front as the only possible "hope" who can be expected to get Johnson's goat.

Hundreds of columns of "press dope" have been published about Morris, whose name is familiar even to the fans of the great cities of continental Europe.

Morris is now the one big attraction in Oklahoma. All else has dwindled into nothingness compared to the fighter. Travelers through the state stop off to visit the giant, and they are basking in the spotlight of fame and fortune. When you step off the train at Sapulpa, the little town where Morris is now training, you will be greeted by an ubiquitous individual who will ask if you want a chance to see "the Oklahoma hope."

If you answer affirmatively and indicate that a tip is awaiting faithful service, reverently he will guide you to the big man's training quarters, exact a good sized tip, and then you will have the opportunity of seeing a prize fighter in the making. You must sympathize with the poor trainers and sparring partners who take their terrible punishment as martyrdom to the cause of removing Jack Johnson. It is one of the big sights of Oklahoma—no joshing—and instead of inviting you out to see a tract of worthless land, the promoter attempts to interest you in the prize fight game, which now has Oklahoma in thralldom.

Carl is a good ways from the top of the ladder, but already he has gained sufficient prominence to bring sporting writers from Kansas City, Hot Springs, Fort Smith, Wichita, Oklahoma City and Texas points. Verily it is the mecca of fighters and fans.

When Morris meets Mike Schreck of Cincinnati on March 28, the two will fight in an arena being erected to house 20,000 fight fans. It looks large to the average stranger, but when one learns that five thousand fans fought to get a seat to see Morris in his first real fight, they will understand why it is that already plans are under way to erect a second great arena in Tulsa, which will probably eclipse that gigantic stadium made famous on a Fourth of July recently.

The game's pretty good right now and there's more money in it than the oil wells and the scheme of the land promoter.

WAS WELL PLEASED WITH STATION

Vice-President Byram of the Burlington railway passed through Maryville about noon Sunday in charge of three private cars with a party of fifteen.

Maryville was their only stop between Creston and St. Joseph. The stop at Maryville was made because Mr. Byram wished to see our handsome new Burlington depot and the improvements made about it and the freight depot. He was highly pleased with conditions and delighted with the new depot and the manner in which it is kept. He could scarcely realize that it had been in use seven months, and said it did not appear to have been in use more than seven days. His appreciation was a compliment to Agent W. E. Goforth and his assistants, who are taking as good care of their new business home as the best housekeepers care for their homes, a fact that is appreciated by the traveling public.

SLOT MACHINES ORDERED OUT BY MAYOR

Mayor Arthur S. Robey, after a conference with City Attorney W. A. Blagg, has ordered out the machines that are being run about the city. Mayor Robey notified the men in charge of these machines Tuesday morning that the machines would have to go, as they were running in violation of a city ordinance. There are only a few of them in Maryville, and it is expected that there will be no trouble in stopping them.

ARRESTED FOR SELLING LIQUOR

Jay Long, living near Elmo, was arrested Monday and brought to Maryville. He was indicted by the grand jury last week on a charge of selling liquor without a license. He was unable to give bond, so was locked up in the county jail.

A number of other Elmo boys were in the city Monday and gave bond for their appearance in court on Thursday. These boys were indicted by the grand jury on a charge of gaming.

A GOOD SUGGESTION

FOR A GET-TOGETHER MEETING TO ELECT ALDERMEN.

GOOD MEN THAT WAY

Will Run That Otherwise Would Not Be Induced to Go on a Partisan Ticket.

A prominent citizen made a very good suggestion Monday that would meet the approval of our people generally, we believe.

It was that the voters of our city get together and select a candidate from each ward for alderman. If this could be done there would be no opposition to men who were the choice of the voters for candidates. In this way it is thought that several good, competent men may be selected for these offices that are of more importance than is generally attached to them until something comes up that requires good business judgment.

If a general meeting such as has been suggested could be held more valuable men would be willing to accept them than could be induced to do so on a partisan ticket.

On Tuesday, April 4, an alderman from each of the four wards is to be elected. No candidates for these places have yet announced themselves.

It is to be hoped that this suggestion may be carried out. Our citizens do not take enough interest in our city's government.

Let us all take a personal interest in our city affairs from now on, and have a hand in putting the best and most capable men obtainable in the city offices.

Taken to High School Building.

The championship pennant won by the high school in the city basket ball tournament this winter, and which has been on display at the Bee Hive shoe store, was taken to the high school building Monday and placed in the auditorium of that building.

He is not only an experienced workman, but is a skilled musician and band man. He was a member of the famous Cameron band a few years while a resident of that place. Mrs. Shreve will arrive in Maryville in about a month.

VanSteenbergh while in the city. Another sister, Mrs. Lula Baker also of Kansas City, remained in Maryville for a longer visit and is a guest at the Van Steenbergh home.

MAKING HOME TOWN A GOOD PLACE TO LIVE IN

The writer remembers with great pleasure a six months' stay in a small inland town a few years ago. Having heard that living in a small town was the next thing to being buried alive, he was agreeably surprised to find that time did not hang heavy on his hands, but passed only too quickly. True, there were very few shows or other diversions from the outside, but the young folks of the town and from the farms surrounding it furnished their own entertainment. They had a brass band, singing society, dramatic society and reading circle. Nearly every one in the town and the neighborhood belonged to one of these societies, the old folks and married people as well as the younger ones. Those who were not active members were honorary members, paying dues and helping to keep up the expenses of the societies, which were still further aided by an occasional entertainment, at which a small admission fee was taken. At these entertainments the band, singing society and dramatic society worked together. At weddings, instead of a noisy, vulgar chiravari, the happy couple and their friends were treated to a serenade by the band and singing society, and the birthdays of members were celebrated in the same way. The different societies clubbed together and made arrangements with a lyceum bureau for a series of entertainments to be given during the winter by good entertainers, thus obtaining a variety of entertainments. These young men and women could hardly have succeeded in their undertaking without the help of their elders, but the older people have been well repaid for their time, trouble and occasional small money outlay. Their children were happy and contented, too busy to get into mischief; the young men did not learn to gamble or fall into other bad habits, and the older people derived a great deal of satisfaction and pleasure from the entertainments themselves. Those young people who left the home town had developed a taste for good, clean amusement and literature, some of them had developed musical talent, and all of them could feel at ease in the society of educated people. They knew how to choose entertainment that was instructive and elevating, and wasted neither time nor money on cheap and vicious places of amusement. Frivolous, frothy shows are cheap in the larger cities. Pool halls, bowling alleys, etc., take a great deal of the leisure time of the young men, and it is due to these that the bands and orchestras, as well as church choirs, are recruited from the small towns and farming villages. There the young men, having no cheap entertainment, were obliged to organize bands, glee clubs, etc. In short, instead of waiting for "something to turn up" they went to work and "turned something up" themselves. While attaining their first object, that of providing themselves with amusement to give variety to their daily lives, they also did other things they had not thought of, developing musical and dramatic ability, forming a better and more pleasing social life in their community, and also forming habits of self-reliance and developing a creative faculty. Those young men who cry "Gee! but this is a lonesome town," and sigh for the place where they can "have some fun," should cease their complaining and try their own hand at "making some fun." And the farmers whose boys are leaving the farm for the city should back them up in their efforts. The most of the home merchants are usually glad to do all in their power, and all townspeople, and farmers living close to town should encourage home talent productions of all kinds, as they do a great deal toward keeping the young folks contented and making the home town a "good place to live in."

NEW COMMITTEE ON RULES NAMED

Democrats Formally Create Important Organization of House.

HEADED BY HENRY OF TEXAS.

Seven Democratic Members Are Selected and Four Republicans Will Be Chosen Later—Expect to Submit Tariff Program Soon.

Washington, March 7.—The rules committee, one of the most powerful of the house committees of the Sixty-second congress, with Representative Robert L. Henry of Waco, Tex., at its head, was formally created by the new house ways and means committee at its first meeting. The following were announced as the seven Democratic members: Robert Lee Henry of Texas; Edward W. Pou of Smithfield, N. C.; Thomas W. Hardwick of Sandersville, Ga.; Augustus O. Stanley of Henderson, Ky.; Finis J. Garrett of Dresden, Tenn.; Martin D. Foster of Olney, Ill., and Matthews R. Denver of Wilmington, O.

The committee will consist of eleven members. The four Republicans will be chosen by the Republicans later on, along with the other Republican members of the committees of the new house. The ways and means committee, which is charged under caucus dictum with the function of selecting the committees, is not empowered to name the chairman, but it recommended to the new rules committee that it elect Mr. Henry as chairman.

The members were named in order of their seniority of service.

Mr. Hardwick and Mr. Stanley had served in congress the same period and the services of Messrs. Foster and Denver has been identical and to choose the priority of rank of these, in each case, the members of the ways and means committee drew lots, resulting in the order given.

The committee met this morning to confer over its preliminary work.

Tariff Program Important.

There was some discussion by the committee on the program of tariff revision, but the committee is deliberating carefully over that problem, which is considered the greatest task before it and which it expects to complete in time to report to congress soon after it convenes on April 4.

The Democratic members realize there is considerable difference of opinion among the house membership in their party as to the methods of revising the tariff, some favoring a wholesale bill and others schedule by schedule in accord with the views of leaders like Clark and Underwood. There is no conclusion yet as to whether the schedules are to be tacked on to the Canadian reciprocity bill, so that a vote in the senate against the schedule revision would be a striking blow at the reciprocity agreement, though the bill will carry out the terms of the agreement in good faith.

One of the things the committee has considered is the elimination of useless offices at the capitol, mostly in humble capacities. There are upward of 600 places which have salaries attached to them at the capitol and some of the Democrats believe a weeding out of the useless ones might save $100,000 a year to the government.

Committee Chairmanships.

The committee has not yet passed upon the committee chairmanships beyond those of the ways and means and rules, but in many instances more or less complete assurances of individual members of the ways and means committee have made the chairmanships largely a matter of ratification by the formal action of the committee.

One of the most conjectural is the committee assignment of Mr. Lloyd of Missouri, who is chairman of the Democratic congressional committee. Mr. Lloyd is a leading member of both the postoffice committee and the territories committee. He would prefer the postoffice chairmanship, but both Moon of Tennessee and Finley of South Carolina, who is vice chairman of the Democratic congressional committee, outrank him. It is possible Moon may be transferred to the rivers and harbors committee, where Sparkman of Florida is the ranking Democrat.

Obituary.

The following obituary notice was received from Isaac Jackson of Thurston county, Nebraska, who died in Maryville a week ago Monday:

"The death of my father was not unexpected, owing to his advanced age, but it was very sad, owing to the fact that he was the first to break the family circle for more than forty-three years. Casham Lowery Jackson was born in Owen county, Kentucky, January 19, 1827. He moved with his father to Andrew county, Missouri, when but 15 years of age, and in 1844 removed to Nodaway county, where he had since resided. When 19 years of age he married Miss Maggie Patterson, who died three years after their marriage. He then married Obediance Freemon, whom, at the time of his death, survived with six children. Gasham Jackson was known as a man of sport and pleasure. At one time he paid as much taxes as any man in the county, having owned 200 acres of fine land near where Pickering now stands. He went broke during the civil war and never owned land since then. It will be recalled by many oldtimers that he killed the only black timber wolf that was ever killed in the county, measuring more than seven feet from tip to tip. As he began to get old he became dissatisfied and lived with many different families. For nine years he has made his home at the county poor farm."

DON'T PULL OUT THE GRAY HAIRS

NO LONGER NECESSARY, SAYS A WRITER.

"Pull out one gray hair and a dozen will take its place" is an old saying, which is, to a great extent, true, if no steps are taken to stop the cause. When gray hairs appear it is a sign that nature needs assistance. It is nature's call for help. Gray hairs, dull lifeless hair, or hair that is falling out is not necessarily a sign of advancing age, for there are thousands of elderly people with perfect heads of hair without a single streak of gray.

When gray hairs come, or when the hair seems to be lifeless or dead, some good, reliable hair-restoring treatment should be resorted to at once. Specialists say that one of the best preparations to use is the old-fashioned "sage tea," which our grand parents used. The best preparation of this kind is Wyeth's Sage and Sulphur Hair Remedy, a preparation of domestic sage, and sulphur, scientifically compounded with later discovered hair tonics and stimulants, the whole mixture being carefully balanced and tested by experts.

Wyeth's Sage and Sulphur is clean and wholesome and perfectly harmless. It refreshes dry, parched hair, removes dandruff and gradually restores faded or gray hair to its natural color.

This preparation is offered to the public at fifty cents a bottle and is recommended and sold by

ALASKAN COAL LAND FRAUDS

Grand Jury at Detroit Indicts Development Company.

48,000 ACRES ARE INVOLVED.

Michigan-Alaska Company Alleged to Have Made Three Hundred Fictitious Locations—Seven Individuals Charged With Conspiracy.

Detroit, March 7.—Government investigation into alleged Alaskan coal land frauds involving 48,000 acres of land valued at more than $50,000,000 resulted in the issuance of an indictment by the local federal grand jury charging seven individuals with conspiracy against the United States government. The defendants are Wilbur W. McAlpine, Albert H. Roehm, George W. Ross, Frank D. Andrus, Arthur L. Holmes and McCurdy C. Lebeau, all of Detroit, and John M. Bushnell of Chicago. They are the officers of the Michigan-Alaska Development company. The government's contention is that the defendants conspired to induce 200 to 300 individuals to become stockholders in the company by making fraudulent and fictitious locations of certain Alaska coal lands, "thereby violating the land entry laws of 1910, which made it illegal for more than four persons to form a company for locating Alaska coal lands and taking out patents on more than 640 acres." It is alleged the several stockholders or claimants were led to believe they were locating the lands for their exclusive use, "but in truth and in fact for the use and benefit of the seven defendants and the development company."

The coal lands involved are at Juneau, Alaska, and several contiguous tracts at Homer, on the western end of Kenai peninsula. The claims are said to have been located by about 200 Michigan residents and 100 other claimants from New York, Chicago, and other western points.

SOCIALISTS JEER MONIS

Conservative Tone of Ministerial Declaration Astonishes Radicals.

Paris, March 7.—Premier Monis read the ministerial declaration in the chamber of deputies. Its conservative tone astonished the socialists and extreme radicals, who had been expected to support the new government. These members interrupted, jeering the reference in the manifesto to the church and the schools, in which it stated:

"We will apply without feebleness and without violence the laws dealing with religious orders and the separation of the church and state. We will protect against all attacks our public schools."

It is impossible to determine the precise strength of the ministry in the chamber until there is a test vote.

The declaration sets forth that the railroad employees who were dismissed following the recent strike will be taken back unless they have been proven guilty of gross insubordination and the destruction of property.

MORMONS ACTIVE IN ENGLAND

Report That Girls Are Being Induced to Go to Utah, to Be Investigated.

London, March 7.—Home Secretary Churchill stated in the house of commons that the attention of the government has been attracted to recent allegations of Mormon activity among the women of this country and have begun an investigation. While he had no official investigation to support the assertions that young girls were being induced to emigrate to Utah, there was no doubt, the secretary said, that the matter was causing deep concern and he proposed to investigate it exhaustively.

Free Remedy For Weak Bowels

There are two forms of bodily cleanliness, the external and the internal. The one is for your pride in yourself; the other for your life and health. Both are important, but of vastly more importance in the long run is the internal cleanliness.

This is one point that all should watch about their body—the cleanliness of the bowels. Keep them clean and free from obstructions. To do this you must have one or two movements of the bowels each twenty-four hours. If your system does not do this naturally, in the process of eating and drinking, then you must obtain aid of some kind. After finding out that cathartics, salts and such things relieve you for a day, but bind you up worse than ever the next day, then try a simpler and more natural remedy like Dr. Caldwell's Syrup Pepsin.

For the skeptical the best way to begin is to send your name and address to Dr. Caldwell for a free sample bottle. Use it as directed and if it convinces you that a brief continuance of its use will relieve you permanently—that it will train the stomach and bowel muscles to again work naturally at certain hours—then buy it of your druggist at fifty cents and one dollar a bottle, just as so many others are doing. They began with a sample bottle, then bought a fifty cent bottle, and now, fully convinced of its merits, they buy the one dollar family size. All the members of the family can use it down to the very youngest.

A brief use of this grand laxative tonic will cure constipation in its worst form, indigestion, liver trouble, sick headache, sour stomach and such ailments and keep you in continuous good health at a very small cost. Such is the experience of many families like that of Mrs. Oscar Fleener, Unionville, Ind., J. F. Daniel, Saron, Tex., and hundreds of others that could be named.

Dr. Caldwell personally will be pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. Explain your case in a letter and he will reply to you in detail. For the free sample simply send your name and address on a postal card or otherwise. For either request the doctor's address is Dr. W. B. Caldwell, R.509 Caldwell building, Monticello, Ill.

DENIES REQUEST OF RAILROADS

Commission Refuses to Allow Mere Postponement of Rates.

WILL ADHERE TO DECISION.

Railway Officials Hoped to Show Need of Advance by Next Fall and Asked Until Nov. 1 in Order to Have Opportunity to Make Better Showing.

Washington, March 7.—Denial of the request of the railways of official classification territory that they be permitted voluntarily to suspend proposed advances in class freight rates from March 15 until Nov. 1 next was made by the interstate commerce commission. In the decisions announced in the freight rate cases ten days ago, the commission directed that the proposed tariffs advancing rates be annulled on or before March 10. If this direction were not followed, the commission announced that on that date it would issue an order canceling the rates and putting into effect for at least two years the existing rates.

After a conference in New York last week an arrangement was made for a conference in this city between eastern railroad officials and the members of the commission. Participating in the conference were President Brown of the New York Central, President McCrea of the Pennsylvania, President Willard of the Baltimore and Ohio, President Underwood of the Erie and Walker D. Hines, representing the Lackawanna.

It was suggested to the commission that the carriers be permitted to suspend voluntarily the tariffs proposing advances from March 15 until Nov. 1, in order that they might have an opportunity to ascertain the general results of this fiscal year's business.

Their contention was that this year's business might show a falling off of the revenue of 1910, which would afford them an opportunity to again ask the commission to consider an advance in rates, perhaps next autumn, when they would be enabled to make a better showing in support of the request.

Denial of the request was made in a letter to President Brown of the New York Central written by Commissioner Prouty on behalf of the commission.

CANCEL PROPOSED RATES

Western Trunk Lines Accept Decision of Interstate Commerce Commission.

Washington, March 7.—In accordance with the agreement among the railways of the Western Trunk Line association, based on the suggestion of the interstate commerce commission in its recently announced decision in the general rate cases, the western lines have notified the commission that they will cancel the proposed advances in commodity rates and accept the ruling.

Already the Chicago and Northwestern has canceled the advances it proposed, and the Chicago, Burlington and Quincy has canceled a part of its proposed increases.

It is expected that within the next three days all of the western roads will have taken action.

90 PERSONS BURN TO DEATH

Flames Start in Russian Theater During Moving Picture Show.

St. Petersburg, March 7.—Ninety persons, many of whom were children, were burned to death and forty others injured in a fire that destroyed a moving picture theater at Bologie.

The flames broke out while the exhibition was in progress and quickly enveloped the building, cutting off every avenue of escape. Futile attempts at rescue were made by those who happened to be close by the exits, but the fury of the flames drove them back.

Bologie is a small place in the southern part of Novgorod province.

INVITE BAILEY AND LORIMER

Resolution That Senators Be Asked to Address Texas Solons Ruled Out.

Austin, Tex., March 7.—In the house Representatives Terrell and Shannon introduced a resolution inviting United States Senators Bailey and Lorimer to come to Texas at an early date and address the legislature on the subject of "Purity in Politics."

Senator Bailey's friends instantly protested against a second reading of the resolution, which the speaker assured them would not be permitted.

WOMAN PLACED ON TRIAL FOR MURDER

Mrs. Edith Melber of Albany Charged With Killing Son.

Albany, N. Y., March 7.—That a woman charged with a capital offense should receive more consideration at the hands of a jury than a man and ought not to be put to death for murder, was the opinion expressed by several talesmen at the trial of Mrs. Edith Melber of Schenectady, charged with having poisoned her five-year-old son, George, in a lonely swamp near Albany last January. Twenty-four talesmen were examined, but only one, Wesley Smith, was accepted.

Mrs. Melber, pale and apparently indifferent, sat throughout the day's proceedings without a suggestion to her counsel. The court room was crowded and some of the women brought opera glasses to enable them to get a better view of the prisoner.

LAWYER PLEADS GUILTY

Attorney Charged With Subornation of Perjury Turns State's Evidence.

New York, March 7.—While Colonel Robert J. Haire, once a well known western lawyer and for many years one of the most prominent practitioners in the criminal courts of this city, was sitting in the supreme court waiting to be placed on trial, charged with subornation of perjury, his partner, Harold W. Trippett, jointly indicted with him, appeared before the bar and pleaded guilty.

Immediately on Trippett's plea of guilty the court granted a motion that Colonel Haire's trial, which was scheduled to go on, be put over until tomorrow. Trippett, who has turned state's evidence, was remanded to the Tombs.

Colonel Haire came into prominence in the west many years ago, when he defended Jesse James, the bandit, and later helped to obtain the release of Frank James.

Haire and Trippett are charged with entering into a conspiracy with John Rogers, who was waiting trial on a charge of picking pockets, whereby he was to be freed by false testimony on the payment of $250.

JAMES J. SWOFFORD INDICTED

Prominent Business Man of Kansas City Charged With Misuse of Mails.

Kansas City, March 7.—James J. Swofford, formerly president of the Swofford Bros.' Dry Goods company, was indicted here by the federal grand jury, charged with using the mails to defraud. The Swofford Bros. company was one of the largest wholesale houses in Kansas City. It went into bankruptcy in October, 1909. The indictment charges that Swofford used the mails in selling stock in the concern while it was on the verge of bankruptcy. Swofford was arrested and released on $2,000 bond.

Heir to Big Estate Insane.

Dublin, March 7.—Application was made in the chancery court to have declared insane a Dublin saddler named Corrigan, who, it is stated, became entitled to $1,250,000 on the death of a relative of the name of O'Sullivan in Seattle, Wash. It is alleged that the saddler signed away this property to American lawyers, receiving only $6,000 in cash and $5 a week.

Five Persons Hurt in Wreck.

Jefferson City, Mo., March 7.—Five persons were injured, one seriously, when Missouri Pacific train No. 8 collided with a freight engine in the switch yards here. Oscar Frisch, a passenger of St. Louis, was thrown forward with such force that his chest was crushed and he may die.
